Steps to take before graduation:

1) Run a [Degree Audit](#)

Check to make sure you've met all the graduation requirements to receive your university degree and have met the major requirements. Be sure to declare minors, as they are not represented in the degree audit.

2) [Declare Candidacy](#) on GOLD (deadlines found [here](#))

You must do this to receive your official degree, even if you are not planning to participate in the commencement ceremony. Degrees are typically issued by mail in late summer.

3) Make a [Commencement Reservation](#) on GOLD (due March 9)

You may only reserve a spot for the ceremony associated with your declared major. Double majors may choose which ceremony to attend.
