

## PBS BS Transfer Students Who Have Not Started/Completed CHEM

**BEFORE  
Mid-JUNE:  
Use  
Diagram 1**

*If you have not completed the **full general chemistry series** and you are reading this **before summer school has started**, we highly encourage you to complete the full series over the summer at a CC of your choosing (check the CC summer schedule and use Assist.org) before starting at UCSB this fall. Students may still transfer summer courses taken after Admissions decisions (just be sure to send CC summer transcripts to UCSB). Please note CHEM is a pre-req for MCDB and PSY 10A.*

*If you have taken **Chemistry Part 1 but not Part 2** at your CC, **and you cannot complete Part 2** at a "your" CC over the summer, consider taking the course at another CC (a non-Assist.org mixed series will required UCSB CHEM eval). Lastly, consider taking [UCSB's CHEM 1B during Summer Session C](#) before fall starts for MCDB/PSY.*

Diagram #1: Started CHEM at CC	CC Fall		CC Spring		CC Summer Session	UCSB Summer Ses "C"
CC/Transfer Inst. Freshman Year Sophomore Year	Chemistry Part 1 @ CC (likely = UCSB Fall CHEM 1A)...		...But didn't have the chance to finish Chemistry Part 2 at the CC...		<b>Ideal Goal: Finish Chemistry Part 2 at a CC during summer!!!</b>	<b>Good Goal: If you can't finish at CC, take CHEM 1B at UCSB!</b>
UCSB Junior Year Senior Year	Fall	Winter	Spring		<b>**Pick one of the above solutions to complete CHEM before you start Junior Fall at UCSB! *</b>	
	You're back on track! Refer to the <a href="#">PBS Transfer Planning Guide</a> for students that have completed chemistry prior to their first Fall at UCSB.					

**AFTER Mid-JUNE:  
Use Diagram 2 or 3**

*If you have not started or cannot finish chemistry over the summer before your first fall at UCSB, the following plans represent the two options for "3<sup>rd</sup> year juniors" starting CHEM at UCSB. Diagram 2 does not include summer school. Diagram 3 includes summer school.*

Diagram #2: UCSB without Summer	Fall (Sept-Dec)	Winter (Jan-March)	Spring (April-June)	Summer A (June-July)	Summer B (July-Sept)
3 <sup>rd</sup> Year Junior	CHEM 1A (if needed) or _____ PSY Breadth Area III (to prep for PBS INT)	CHEM 1B PSY Breadth Area III or PBS INT	CHEM 1C (is Area III) or PBS INT PSY 10A PSY Breadth	Not Enrolled	Not Enrolled
4 <sup>th</sup> Year Senior	MCDB 6 or 1A PSY 10B _____	EEMB 7 or 2 PSY Breadth _____	PSY 110-195 PSY 110-195 PSY 110+ <b>Declare Full Major</b>	Not Enrolled	Not Enrolled
5 <sup>th</sup> Year Senior	PSY Lab PSY 110+ _____	<b>Note:</b> Would not be able to declare full major standing until Spring of Senior year!			

Diagram #3: UCSB with Summer	Fall (Sept-Dec)	Winter (Jan-March)	Spring (April-June)	Summer A (June-July)	Summer B (July-Sept)
3 <sup>rd</sup> Year Junior	CHEM 1A (if needed) or _____ PSY Breadth Area III (to prep for PBS INT)	CHEM 1B PSY Breadth Area III or PBS INT	CHEM 1C PSY Breadth PBS INT	MCDB 1A PSY 10A	EEMB 2 PSY 10B <b>Declare Full Major</b>
4 <sup>th</sup> Year Senior	PSY Breadth PSY 110-195 _____	PSY Lab PSY 110-195 _____	PSY 110+ PSY 110+ _____	<b>Note:</b> Would be able to declare full major standing at end of Summer before Senior year!
