

TRANSFER PLANNING GUIDE: Biopsychology B.S.

This plan assumes that full *General Chemistry* and *General Biology* series were completed prior to transfer and that *Organic Chemistry* and *Physics* series will be taken at UCSB (prepares for MCAT after graduation).

Nov '20

Note: Students who have completed Organic Chemistry and Physics will be on track to take MCAT in 4th year. Substitute Organic Chemistry and Physics courses with potential double major/minor courses.
