Use in-progress courses on my audit. By checking this box I acknowledge my understanding that a 'work-in-progress' audit includes courses that have not yet received final grades. I understand that requirements satisfied with in-progress courses may later revert to unsatisfied status if the courses are not taken and completed, or if the necessary grades are not earned. I also understand that for the purposes of this audit, any unresolved courses from previous quarters (including grades of 'I,' blank grades, etc.) will be included in the GPA calculations as if they were assigned grades of 'F'.
